Key Advantage of 93/5/2 IFR Fabric – 180 GSM

- Heavy-duty inherent FR fabric designed for tougher industrial applications.
- Higher GSM provides enhanced durability and extended garment life.
- Excellent resistance against heat, flame, and mechanical wear.
- Meta Aramid ensures reliable thermal protection.
- Para Aramid improves fabric strength and abrasion resistance.
- Antistatic properties help reduce static charge hazards in explosive environments.
- Provides optimum balance between protection, comfort, and durability.
- Recommended for refinery, petrochemical, welding, and high-risk industrial operations.
